<sup>&</sup>lt;sup>1</sup> Eligibility of course is also determined by your marks. Your "overall average" is calculated with your final secondary IV marks and your secondary V summary marks from your term 2 report card.

<sup>&</sup>lt;sup>2</sup> Thanks to SRAM and JAC for these university program lists. For specific university program pre-requisites, always see an Academic Advisor at CEGEP.

<sup>&</sup>lt;sup>3</sup> (+) indicates other requirements to be considered a good candidate for the program. For example, you may be required to present an artistic portfolio, to do an audition, take medical or psychological tests, or interviews. Check pamphlets and websites for specifics.

<sup>&</sup>lt;sup>4</sup> It's becoming increasingly rare for students to be admitted directly into Law from CEGEP. Most Law students already have a Bachelor's level university degree. See CEGEP Academic Advisors for details.

<sup>&</sup>lt;sup>5</sup> With a minimum of 70-75%% in all pre-req classes. Marianopolis looks for a minimum of 80% in all pre-reqs.

<sup>&</sup>lt;sup>6</sup> These are pre-university programs in which students earn two College Diplomas in three years.

<sup>&</sup>lt;sup>7</sup> Many Medicine students already have a Bachelor of Science degree.

<sup>&</sup>lt;sup>8</sup> This is for entry through the Health Science option. It is possible to enter university for a BSc in Nursing through the 3 year Nursing program too. Prereqs for that are Chemistry sec. 5.
