

# The Special Education Technicians and the Handicapped Student Attendants

**Special Education Technicians** are assigned to work with students experiencing difficulties related to organizational skills and those who portray social, behavioral and/or physical difficulties. They provide their assistance either in class and/or in a small group and/or an individual setting. They work in collaboration with the teaching staff and the professionals in Student Services.

**Handicapped Special Attendants** assist students with specific physical disabilities enabling them to attend class normally.
