# Combining Vocational Training and General Education

Le code est effacé  
et la courroie est  
trop étirée pour  
pouvoir la mesurer.

Je vais devoir  
calculer la longueur  
de la courroie  
de remplacement.

Cédric, tu dois  
changer la courroie,  
elle est usée.

**Cédric illustre le problème  
et trouve la formule appropriée.**

L = longueur de la courroie  
C = distance centre à centre (entraxe)  
D = diamètre de la grande poulie  
d = diamètre de la petite poulie
