## INTRODUCTION

When seeking entrance to a vocational training center, college or a university, one of your initial concerns will be financing such things as tuition, books, student fees, and residence expenses. Planning for the cost of post-secondary education is therefore extremely important.

For many of you, savings from summer and part-time jobs as well as contributions from parents will not provide enough money to cover expenses. Additional funding in the form of student loans, scholarships, and other awards must then be explored.

For information on the cost of post-secondary education, tips on how to apply for a student loan or any additional information, contact Ms. Marie Thibault, Counsellor in Academic Training. Her office is located in Green 301. You can also reach her by email at [thibaultm@edu.etsb.qc.ca](mailto:thibaultm@edu.etsb.qc.ca)

The A.G.R.H.S. SCHOLARSHIP AND BURSARY COMMITTEE

## UNDERSTANDING TERMINOLOGY

**Scholarship** – is a monetary award given to a student primarily on the basis of academic standing. Leadership and citizenship are often considered.

**Bursary** – is a monetary award given to a student who has attained a certain level of achievement and is in need of financial assistance to continue his/her education.

**Loan** – is advanced on the understanding that the money will be repaid upon the completion of one's studies. The provincial government and some financial institutions offer student loan plans.

***For all of the above, proof of acceptance by a post-secondary institution is required prior to awarding the funds.***

**And the scholarship goes to...  
those who apply, apply, apply**

## **OVERVIEW OF SCHOLARSHIP AND BURSARY FUNDS**

### **FUNDS ADMINISTERED BY THE A.G.R.H.S. SCHOLARSHIP AND BURSARY COMMITTEE**

Each year, funds solicited from local individuals, industries and organizations are pooled to become the Alexander Galt Regional High School (A.G.R.H.S.) Scholarship and Bursary Fund. This fund is further subsidized by donations from concerned individuals and groups, in memory of loved ones who have made outstanding contributions to student life, on or off campus. The money is then distributed proportionately to qualified applicants. The allocation is based generally upon factors such as scholastic merit, distance from home and need.

All undesignated funds come under the heading of the Alexander Galt Regional High School Scholarship and Bursary Fund and are available as scholarships and bursaries to a graduating Galt student continuing his/her education.

More information about these different awards is available on **pages 6 & 7** of this guide. An application form can be found in Appendix 3. Once completed, this form must be forwarded to the **A.G.R.H.S. SCHOLARSHIP AND BURSARY COMMITTEE**

### **FUNDS ADMINISTERED BY LOCAL DONOR GROUPS**

There are several local scholarships and bursaries available by applying directly to the donor group. See **page 8** for more information about these awards. Application forms and/or information can be obtained on the Galt website at <http://alexandergalt.etsb.qc.ca/school-services/bursary-awards/> or directly on the Local Donor Organizations.

### **SPECIAL SCHOLARSHIPS**

As a graduating Galt student, other scholarships are also available to you, for which you do not need to apply. They are listed on Appendix 2 for two special reasons: first, to honor those for whom they have been dedicated; second, to encourage potential recipients in their quest toward higher educational goals. Candidates for these scholarships are nominated by their teachers and selected by special committees.

### **ADDITIONAL OUTSIDE SOURCES OF ASSISTANCE**

Additional assistance is offered locally through private and public organizations, companies, and religious groups. Start your search for scholarships, and indeed all money for schooling, close to home. Many agencies sponsor scholarship and bursary awards, either through universities or through direct application. Cegeps and university calendars, newspaper ads, or company personnel department directives will provide helpful information on such assistance. Students whose parents work for large companies are advised to investigate the possibility of financial aid reserved for the children of employees. Social organizations such as the Rotary, Optimists or Royal Canadian Legion often provide assistance, particularly to children of members.

## STEPS TO OBTAINING FINANCIAL ASSISTANCE

**Prepare ahead of time.** Even if you are not going to Cegep or vocational training next fall, start to look now, not to apply necessarily, but to see what is out there in the way of scholarships, grants and bursaries, as well as verify requirements and deadlines (**some are as early as April**).

**Know your strengths and special abilities.** The majority of scholarships are still based on grades, but some focus on other attributes. Sit down and make a list. Do you participate in any sporting events, extracurricular activities or school events? Do you volunteer in your community? Have you ever been in a play or on an exchange program, worked on a farm, etc.? Anything that makes you different from other students applying for scholarships is important.

**STEP 1** Start your search by reviewing the listing of scholarships and bursaries administered by the **A.G.R.H.S. Scholarship and Bursary Committee** in the following pages.

**STEP 2** Carefully go through the listing of scholarships and bursaries administered by **Local Donor Organizations and Institutions**. Identify those that fit your profile, noting any special deadlines, admissibility criteria and application procedures (form or letter?). See Appendix 1, p. 11 for a list of the addresses for sending your application.

**STEP 3** Schools, companies and charities offer scholarships. Check the organizations or institutions within and outside the Eastern Townships, including the school you are planning to attend. Most educational institutions have financial assistance programs for their students. Before you apply, make sure you meet all the requirements and check the deadline. Some are listed on page 10 but do not hesitate to ask your Counsellor in Academic Training for assistance.

**STEP 4** Join the *Alexander Galt Scholarships* Facebook group to receive information and updates from the Galt Scholarship and Bursary Committee. Galt and local applications forms will be available to group members.

**STEP 5** Register at [yconic.com](http://yconic.com). This Canadian database contains details about thousands of awards. By entering information about your experience, background and post-secondary plans, you will be able to receive a detailed list of awards for which you might be eligible along with details on how to apply for them.

**STEP 6** Take advantage of the **Quebec Student Financial Aid Program** for loans and bursaries. It is intended for students who wish to pursue full-time studies but do not have the financial means to do so.  
Apply on line at <http://www.afe.gouv.qc.ca/en/>

**REMEMBER, IF YOU DO NOT APPLY FOR ANYTHING,  
YOU WILL NOT GET ANYTHING**
