Upcoming Changes to Road Signage, Speed Limits, and Campus Circulation:

Please be reminded that in the interest of safety for all entering and exiting our campus, the Ministry of Transport has been making changes to the signage and regulations applicable to the highway in front of the school. Notably, the speed limit will be 50km/hr in front of the campus, but 90km/hr on either side of the reduced speed zone. Entering the campus from the upper gate is now prohibited. Please be vigilant of the new signage in order to avoid a ticket. A number of these changes have already been put into place and we expect the remainder to be in place shortly. Please be aware that the reduced speed limit is only applicable between the hours of 7 a.m. and 5 p.m. throughout the school year - thus, if entering or exiting the campus outside of these times, please be aware that the speed of traffic will be significantly higher, thus consider this in your judgements. Also, please be advised that there will be changes to traffic circulation on campus for the upcoming school year. Details will be provided once confirmed.
