Did you know that **33 billion** pounds of trash are dumped in the ocean each year?

Yup, you read it right, 33 billion pounds of garbage. But we can make a difference! If you see trash laying around whether it's on a beach, outside in a park, anywhere, pick it up. It helps our mother nature live longer than her estimate, and another thing you can do is donate to those companies who clean out the ocean, they don't get enough recognition. There are living creatures in the ocean, turtles, fish, crustaceans, they all want a safe and clean home. Any contribution is appreciated and thank you for caring about the environment. Now, the question is, will you help out?
