

AGRHS Parent Bulletin - May 2025

National Volunteer Week: During this week where the country recognizes its volunteers, I would like to publicly thank our dedicated volunteers at Alexander Galt. Without the tremendous contribution of their time, energy, and expertise, we would not be able to offer the range and quality of services that include, but are not limited to, athletics, fundraising, theatre, field trips, Governing Board, PPO, Central Parents Committee, SEAC, and health services such as vaccinations. To our community and staff volunteers - on behalf of our students and Galt community, ***thank you!***

Concert: The band students have done a wonderful job this year, learning to play a new musical instrument or improving upon musical skills acquired in previous years. The students would like to share their musical talent by inviting family, friends and the community to our end of year concert taking place in the **AGRHS Auditorium on Thursday, May 14, 2025, commencing at 7:00 PM.** There is no entrance fee, but donations are graciously accepted and appreciated. All donations support the music program.

Last Day of Regular Classes: Please remember that the last day of regular classes for all students in the Regular and ARP Pathways is June 10th. Classes for Modified groups will run through June 19th. WOTP classes extend to June 23rd.

The regular bus service will be offered through June 20th during its regular morning and afternoon runs. Activities are separated into 2 blocks, the first from 9h00-12h00 and the second from 13h00 to 15h45. **Please note that if you register your child for an activity, your child will need to stay at school for the entire day.**

AGRHS Parent Bulletin - May 2025

Athletics 2025 - 2026: Please be advised that while we were happy to cover athletics fees with available grants this school year, unfortunately we do not anticipate being in a similar situation for the upcoming school year. Please anticipate a return to fees for students participating in the athletics program. Please be reminded that the school-wide fundraising opportunities that contribute profit to the individual student account remain as a means of funding many diverse school fees, including athletics.

Summer School: Summer school and supplemental exams will again be available this summer. Please be reminded of the requirement to adhere to *promotion by subject* at Cycle 2 that was explained in previous newsletters (students **must pass** the course in order to move up to the next level, placements are no longer permitted). Students who are unsuccessful in a subject(s) during the regular school year are highly encouraged to take advantage of the summer opportunities. More details about the courses offered, schedule, registration process and associated fees will be provided as soon as possible once received from our external service providers.
